THE CLIENT GUIDE · ORLANDO, FL

REFUSE TO BE *(FORGETTABLE).*

Everything you need to know about working with GLPX Studio, from
our first call to your final gallery.

WELCOME

HI, I'M *GERSON*.

Thank you for booking a call. I've spent more than eight years photographing people, from album covers for Alex Rose and Anuel AA to headshots for realtors on a lunch break.

Most people tell me they hate having their picture taken. That's the part I enjoy. I direct the whole session, so you never have to guess where to stand or what to do with your hands. You just show up as yourself.

This guide walks you through how a shoot works, how to prepare, and what happens after. Keep it handy. If anything here raises a question, bring it to our call.

SCREENSHOTS OK

The first few minutes are just warming up. Nobody looks their best in the first frames, and that's expected.

I'll tell you exactly where to stand, how to angle your shoulders and what to do with your hands. You'll see images on the back of the camera as we go, so you can relax knowing it's working.

Sessions run in English or Spanish, whichever feels more natural to you.

AFTER THE SHOOT

Want more images edited than your package includes? Heart them and reply, and I'll send you a quote.
